FOR IMMEDIATE RELEASE

OneShield Announces Partnership with Orpheus

*Leading Policy Management Solution Provider Enters ANZ Market with
Established Integration Partner Providing Local Support*

Westborough, MA | Melbourne, AU– May 3, 2011 – [OneShield, Inc.](#), the developer of [OneShield Dragon®](#), an innovatively modern, rules- and tools-based, data-driven policy management solution, is pleased to announce a formal partnership with [Orpheus Associates PTY LTD](#), a leading IT consulting practice, specializing in insurance systems implementations for general insurance carriers in Australia and New Zealand.

“We have received several requests to engage with general insurers in Australia based on our impeccable track record in North America,” said Liza Smith, general manager for OneShield global strategy division. “Maintaining our successful implementation record as we expand into new markets is imperative and by partnering with a proven firm in the region, we ensure our customers have local support and subject matter expertise on hand.”

OneShield Dragon is a tools-based, data-driven insurance underwriting, policy administration, rating and workflow system for personal, commercial and specialty lines of business. Based on proven insurance practices and a well-defined data model, Dragon provides configurable and modifiable options to meet today's goals and to adapt to future demands. With broad experience across insurance platform selection, customer communications management and integrated system design, Orpheus has the skills and experience to assist companies in Australia and New Zealand with Dragon implementations.

“OneShield has proven they can reduce operational risk, drive down total cost of ownership for solutions and enable carriers to roll out new products quickly and easily on the Dragon platform,” said Steve Pryce, commercial director at Orpheus. “With Orpheus providing localisation expertise, we’re committed to delivering these benefits to the Australian and New Zealand market.”
